Dated Tonk Raj, the 15th September, 1934.

YOUR HIGHNESS,

I have the honour to submit herewith the Administration Report of the
Tonk State for the year 1340 Fasli, corresponding to the year 1932-33.

I have the honour to remain,

Your Highness' most obedient servant,

R. R. BURNETT,

MAJOR,

Principal Official and Adviser.

Report on the Administration of the Tonk State for the year 1340 Fasli (1932-33).

CHAPTER I.

GENERAL.

1. The founder of the State was Nawab Amir Khan, an Afghan of the Buner Tribe known as Salarzai. Early in the 17th Century one Taleh Khan left his home in the Buner country and took service in Rohilkhand with Ali Mohammed Khan, a Rohilla of distinction. His son, Hayat Khan, acquired considerable land in the Moradabad district and was the father of Amir Khan. The latter was born in 1758 and, when 20 years of age, left his home to carve out a career for himself. He first offered his services to De Boigne, who was recruiting for Sindhia's Army, but De Boigne considered that he was too young and inexperienced and declined to enlist him. For the next ten years he served as a mercenary leader wherever he could find lucrative employment, and in 1798 was advanced to the command of a large army in the service of Jaswant Rao Holkar. He fought with distinction in the campaign against Sindhia and the British, and took no small part in levying the indemnities imposed on Rajputana and Malwa. Holkar appreciated his fighting qualities and, in order to have his services permanently at his command, agreed to share all conquered territories with him. Sironj was accordingly made over to Nawab Amir Khan by Holkar in 1798, and Tonk and Pirawa fell to his share in 1806; Nimbahera was added to his territory in 1809, and Chabbra in 1816. On the entry of the British into Malwa, Nawab Amir Khan made overtures to them, but the conditions he proposed were considered to be extravagant and unacceptable. The British, however, offered to guarantee him all the lands he had been granted by Holkar, on condition that he abandoned the predatory system he had adopted, disbanded his army and surrendered his artillery, with the exception of 40 guns, to the British at a valuation. Amir-ud-Daula Bahadur agreed to these proposals and they were embodied in a treaty in 1817. To the territories thus granted, *i. e.*, the five parganas already mentioned, the Fort and Pargana of Rampura, now known as Aligarh, were added by the British Government and a sum of three lakhs was also given to him to enable him to finance the State. He administered the State till his death in 1834, when he was succeeded by his son, Nawab Wazir Mohammed Khan, Wazir-ud-Daula. Nawab Wazir-ud-Daula did much to consolidate the State, and during the Mutiny of 1857 distinguished himself by holding the Tonk Fort with a small garrison against the combined forces of the Nawab of Banda and Tantia Topi. In acknowledgment of his services his salute was raised from 15 to 17 guns, and he received a Sanad guaranteeing the succession of his family, according to Mohammedan Law, in the event of failure of natural heirs. He died in 1864 and was succeeded by his son Nawab Mohammed Ali Khan, who was deposed by the British Government in 1867 and exiled to Benares, where he died in 1895. His eldest son, Nawab Hafiz Mohammed Ibrahim Ali Khan, succeeded him in 1867, ruled the State for 63 years, and died at the age of 83 on June 23rd, 1930. His late Highness' reign witnessed

many changes; and as a mark of the respect and esteem in which he was held by the British Government and as a tribute to his loyalty and character he was granted the titles of G.C.S.I. and G.C.I.E. He was succeeded by his eldest surviving son, Nawab Hafiz Mohammed Saadat Ali Khan Sahib Bahadur the present Nawab, who was granted the title of G.C.I.E., on 1st January 1934. His full title is His Highness Said-ud-Daula Wazir-ul-Mulk Nawab Hafiz Sir Mohammed Saadat Ali Khan Bahadur Sowlat-i-Jung, G.C.I.E.

Situation and Area.

2. The Tonk State is situated partly in Rajputana and partly in Central India and consists of six parganas which are separated from each other by distances varying from 20 to 250 miles, a factor which is a not inconsiderable disadvantage so far as administration is concerned. The parganas in Rajputana are Tonk and Aligarh, lying between latitude $25^{\circ} 45'$ and $26^{\circ} 30'$ and longitude $75^{\circ} 30'$ and $76^{\circ} 15'$, bounded on the North, East and West by the Jaipur State, and by the Jaipur and Bundi States on the South; and Nimbahera, a mass of island territory surrounded by and interlaced in Mewar territory, lying between latitude 25° and $24^{\circ} 15'$ and longitude $74^{\circ} 15'$ and 75° . The parganas in Central India are Chhabra, Sironj and Pirawa. The Chhabra pargana lies within latitude $24^{\circ} 30'$ and 25° and longitude $76^{\circ} 30'$ and $77^{\circ} 15'$, and is surrounded by the Gwalior and Kotah States. The Sironj pargana is the largest in the State, lies between latitude $23^{\circ} 45'$ and $24^{\circ} 30'$ and longitude $77^{\circ} 15'$ and 78° , and is surrounded by the Gwalior State on East and West and North and by the Bhopal State on the South. The Pirawa pargana lies between latitude 24° and $24^{\circ} 30'$ and longitude $75^{\circ} 45'$ and $76^{\circ} 15'$, and is surrounded by the Jhalawar State on the North and by the Indore State on East, West and South.

The States has a total area of 2,553 square miles.

Physical Features.

3. Owing to the fact that the different parts of the State are separated by such distances the physical features vary considerably. The country round Tonk is flat, at a general elevation of about 900 feet, with outcrops of rocky hills and traversed by the Banas river. The soil is somewhat sandy and the sub-soil water is limited. The two parganas of Nimbahera and Pirawa are on the northern edge of the Malwa Plateau and the soil is chiefly black cotton. The Chhabra and Sironj parganas are geographically in Central India and the soil is mainly black cotton. They contain large tracts of Jungle in which tigers, panthers, bear, sambhar and cheetal abound.

Climate and Rainfall.

4. The climate of Tonk is dry and healthy, though very hot in summer temperatures of 115° and even 118° being not uncommon. In winter the temperature rarely falls below 45° . The climate of the other parganas is not so extreme.

The average rainfall in Aligarh and Tonk is 25 inches; in Nimbahera 26; in Pirawa 26; in Sironj 42; and in Chhabra 34 inches.

The rainfall at Tonk from 1st April 1932 to 31st March, 1933, was 18.64 inches; Aligarh 13.94; Nimbahera 12.34; Pirawa 27.64; Sironj 46.25; and Chhabra 42.95.

Seasons and Crops.

5. The crops in Tonk, Aligarh and Nimbahera suffered from scarcity of rainfall and from hail storms. Due to depression in trade and with little demand for grain from outside, prices generally remained very low.

Population.

6. The population of the State according to the Census of 1931 was 3,17,360 (1,64,401 males and 1,52,959 females) as compared with 2,87,898 in

1921. This amounted to an increase of 10·2%. Of the total population 62,675 or 82·76% are Hindus; 44,234 or 13·93% are Mohammedans; 10,451 or 3·29% other religions.

7. The State has a coinage of its own, called "Chanwarshahi", which is current only in Tonk and Aligarh parganas. It is a silver coin weighing 90 ruttis and containing 81 ruttis of silver, with small pieces and copper pice. Some inconvenience was caused by a scarcity of copper pice in Tonk. Copper coins to the value of Rs. 10,000 were, therefore, minted at the Government Mint at Calcutta and their issue eased the situation.

The exchange during the year remained almost stationary, except for small seasonal variations, and no artificial control was exercised. The average rate of exchange was Rs. 133-8-0.

The British Kaldar rupee is current in the remaining parganas of the State.

8. The Official year in Tonk begins on 1st November and ends on 31st October.

9. The ordinary Revenue and Expenditure for the year, compared with the budget and with the figures for 1339 Fasli, were follows :—

Year.	Revenue.		Expenditure.	
	Budget.	Actuals.	Budget.	Actuals.
	Rs.	Rs.	Rs.	Rs.
1339 Fasli	22,63,933	21,74,081	19,83,494	19,65,882
1340 Fasli	21,60,318	22,25,841	19,46,818	18,96,366

Compared with the previous year, therefore, the ordinary Revenue showed an increase of Rs. 51,757 and Expenditure a saving of Rs. 69,516.

10. The birthday of His Imperial Majesty was celebrated on June 3rd. As usual the day was observed as a public holiday with a Darbar and sports.

His Highness' birthday was also celebrated as usual by a Special Darbar and some prisoners were released according to custom.

11. The Hon'ble Lieut-Colonel G. D. Ogilvie, C.S.I., C.I.E., Agent to the Governor-General in Rajputana visited Tonk during the year under report and stayed from 19th August to 23rd August, 1933.

liquor.

The liquor contracts of Tonk, Aligarh and Nimbahera Parganas are under the Farming (Potsill) system. The contractors pay a fixed sum to the State in the form of license fee every year. With effect from 1st January, 1932 the other three Parganas, Chhabra, Pirawa and Sironj were placed under the Madras System on the advice of Dewan Bahadur Pandit Piaray Lal Bhargava, late Extra Assistant Commissioner of Excise, Ajmer-Merwara. Under this system individual shops in these Parganas were auctioned and the licensees were supplied with liquor from the State Godowns established in each Pargana at warehouse rates, which includes the cost price of liquor and an Excise duty.

The following table shows the rates of duty and the retail prices in the Parganas of Chhabra, Pirawa and Sironj in 1340 Fasli:—

CHAPTER IV.

FINANCE.

37. Major D. de. M. S. Fraser, I.A., continued as Finance Member Personnel throughout the year.

Lala Gulab Chandra Jaini, Personal Assistant to the Finance Member, remained in general control of both the Finance and Treasury Branch and the Audit and Pay Branch, the former being in charge of M. Faiz Ahmad, except for the period he was on the Sironj Commission, and the latter of L. Sri Mohan.

38. The only important retrenchment effected during the year was the reduction of 41 men from the Aligarh Fort Establishment. The savings thus obtained were utilised to meet the cost of an increase in the pay of the two Special Companies of the Hasni Paltan. Retrenchment.

39. A careful examination of the Taxes in force in the State was undertaken during the year. The system of taxation was known to be defective and its incidence to be unevenly distributed, and enquiries were, therefore, instituted into the origin of each tax in force. When the preliminary investigation had proceeded as far as it could, a Committee was appointed to go fully into the whole question. It recommended the abolition of 14 Miscellaneous Taxes and the continuance of two in a modified form, one on cattle, with concessions for Agriculturists, and one on traders. The Committee's proposals received the tentative approval of the State Council and of His Highness and the criticisms and objections of the general public were then called for. The matter was still under consideration at the close of the year. Revision of Taxes

40. Special attention was devoted during the year to the re-organisation of the Audit and Pay Branch. This work was begun in 1339 Fasli and by the end of the year under report the Branch was in a position to exercise proper audit expeditiously. It was strengthened by the appointment of two Travelling Auditors for the purpose of carrying out local audit. Re-organisation of Accounts Work.

Local Audit of the Customs and Municipal Offices in Tonk Sadar was carried out and numerous cases of bad accounting and misappropriation of revenue were brought to light.

41. The year opened with a balance of Rs. 4,93,901 against the opening balance of Rs. 4,98,720 last year. The total payments into the Treasury during the year 1340, together with the opening balance, amounted to Rs. 32,08,242, the ordinary revenue being Rs. 22,25,841, compared with Rs. 32,36,624 in the year 1339 Fasli, when the ordinary revenue was Rs. 21,74,081. The total payments during the year amounted to Rs. 27,29,902, the ordinary expenditure being Rs. 18,96,366, against the sum of Rs. 27,42,723, the ordinary expenditure being Rs. 19,65,882, in the year 1339 Fasli. The closing balance at the end of the year was Rs. 4,78,340, against a closing balance of Rs. 4,93,901 at the end of 1339 Fasli. Receipts and Expenditure.

42. The exchange during the year remained almost stationary, except for small seasonal variations, and no artificial control was exercised. The important factors affecting the stability of the exchange were (1) the revision of the Customs Schedule which lowered the adverse balance in trade, (2) the issue of Kaldars in the form of Hundies and Notes freely from the Treasury, and (3) the free export of gold. Currency Policy.

Coinage. 43. The new copper coins were put into circulation during the year with the result that the old hoarded copper coins immediately appeared in large numbers and eased the market. The orders passed last year regarding the treatment of base and counterfeit silver coins were applied to the copper coins as soon as the new issue was made.

Stamps. 44. New Stamp, Judicial and Non-Judicial, were introduced this year and it was arranged that these Stamps and the Standard paper should in future bear a State water-mark to minimise the risk of fraud.

Deposits and Advances. 45. Rules governing the treatment of Deposits were issued, with the result that a large amount of duplication in the work of the Treasury has been stopped and lapses and refunds will now be automatic. The Advances, which stood at a very high figure three years ago, have been greatly reduced by recoveries and adjustments.

Redemption of Debt. 46. At the close of 1339 Fasli the State debt still to be liquidated amounted to Rs. 7,80,839 Kaldar and Rs. 4,08,437 Chanwarshahi, including uninvestigated claims amounting to Rs. 1,06,806 Kaldar and Rs. 3,64,112 Chanwarshahi. During 1340 Fasli these claims were investigated and settled for Rs. 1,15,184 Kaldar and Rs. 2,72,119 Chanwarshahi.

During the year fresh claims amounting to Rs. 41,763 Kaldar and Rs. 85,442 Chanwarshahi were taken over and accepted as State Debts. These were compromised and settled for Rs. 61,000 Kaldar and Rs. 24,500 Chanwarshahi.

In the course of the year a total sum of Rs. 3,11,994 Chanwarshahi was paid in liquidation of the State Debt. This included the sum of Rs. 90,000 in deposit left over from 1339 Fasli budget and mentioned in last year's report. The automatic payment to the Ajmer Seths of Rs. 1,30,000 Chanwarshahi, representing the lease of Latai Tehsil, is also included in the above sum.

The total debt owed by the State at the end of the year was as follows:—

		Kaldar.	Chanwarshahi.
		Rs.	Rs.
Interest paying debt due to Ajmer Seths	..	6,89,103	1,08,669
Non-interest paying debt	1,26,500	...
Total Rs.	...	8,15,603	1,08,669

During the last 2 years the total State liabilities which have been liquidated by means of payments, rejections, reductions and compromises amount to over 11½ lakhs, leaving a present day debt of approximately 9¼ lakhs.

General. 47. Joining Time Rules and Rules regarding the deposit of Earnest money in contracts given by State Departments were issued during the year.

The Staff of the Finance Department continued to work most satisfactorily and special mention is again due to Lala Gulab Chandra Jaini, M. Faiz Ahmad and Lala Sri Mohan Lal.

CHAPTER V.

JUDICIAL.

48. The important changes introduced in the Judicial System of the State in 1339 Fasli were described in detail in last year's report. No further changes of importance occurred during the year. Judicial System.

The whole of the Criminal Work of the Tonk Pargana is disposed of by two Officers who deal only with criminal cases, one of them exercising First Class and the other Second Class Powers. It is, however, proposed to transfer some of the 1st Class criminal work to the Nazim of the Pargana, who is at present doing no criminal work beyond the disposal of cases under the Cattle Trespass Act. In each of the remaining Parganas the Nazim exercises the powers of a 1st Class Magistrate, while 2nd Class powers are exercised by another Officer. The only Honorary Magistrate is the Istimrardar of Semliya Teelakhara, who has been recently invested with the powers of a 3rd Class Magistrate and who has not so far done any criminal work. His jurisdiction is confined to his own Istimrar. The whole of the civil work of the Tonk Pargana is disposed of by an Officer known as Nazim Dewani, who is empowered to hear Suits up to the value of Rs. 10,000. In the other Parganas the 2nd Class Magistrate also exercises civil powers with pecuniary jurisdiction extending to Rs. 5,000. In the Aligarh Pargana all judicial work, both criminal and civil, was formerly done by the Nazim, but in the year under report a separate Second Class Magistrate and Munsiff was appointed in this Pargana. All land suits and suits for the recovery of Manoti debts are considered to be revenue suits and are accordingly disposed of by Revenue Courts.

There is one District and Sessions Judge for the whole State whose judicial powers are practically the same as those of a District and Sessions Judge in British India. The powers of the High Court, both under the Civil and the Criminal Procedure Codes, are exercised by the Judicial Member, who sits alone except in certain heinous classes of criminal cases in which another Member of Council, specially nominated by His Highness in each case, is associated with him. His Highness has reserved for himself the power of confirming death sentences and the power of disposing of appeals for mercy. As regards civil suits he exercises the powers of the Privy Council subject to the limitations prescribed in the Civil Procedure Code.

In the case of Mohammandans, all suits relating to inheritance, marriage, divorce, dower, gift, will and pre-emption are disposed of by Shariat Courts, appeals from whose orders lie direct to His Highness.

49. Khan Bahadur Sheikh Rahim Bukhsh, O. B. E., the Judicial Member, continued to hold the post of Chief Judge and his Assistant, Sahibzada Abdul Basit Khan, the post of Registrar. The post of District Judge was held by Khan Bahadur Makhdoom Syed Sher Shah Jeelani. The only change among Subordinate Judicial Officers was the appointment of Maulvi Badruddin, pleader as Second Class Magistrate and Munsif of Aligarh. Personnel.

50. The total number of criminal cases instituted during the year under report was 2,056, as compared with 2019 in the preceding year. (In the preceding year's report the number of cases instituted in that year was erroneously shown as 2,417, owing to a mistake made in the returns submitted by the First Class Magistrate of Tonk.) The total number of persons involved in the cases Criminal Cases.

cases requiring disposal was 4871, including 713 persons against whom cases were pending at the close of the preceding year. The cases against 4186 were disposed of during the year, the corresponding figure for the preceding year being 3844.

Including 8 cases pending at the close of the preceding year, the total number of Sessions cases requiring disposal during the year was 28. Of these 25 were disposed of, leaving a balance of 3.

Criminal appeals.

51. At the close of the preceding year 49 appeals and revisions were pending in the Court of the Sessions Judge and 195 were instituted during the year under report. Of the total number of 244, 207 were disposed of, leaving a balance of 37. As compared with the preceding year, there was a decrease from 284 to 195 in institutions, from 347 to 207 in disposals and from 49 to 37 in the pending file. In criminal appeals and revisions disposed of during the year the orders of the Lower Court were upheld in 167, modified in 6, and set aside in 25. Eight revision cases were submitted to the Chief Court with recommendations for the issue of directions regarding the framing of charges against the accused, while in one appeal the re-trial of the accused was ordered.

In the Chief Court 195 criminal appeals and revisions were filed during the year, as against 149 in the preceding year, and 212 were disposed of as against 94. The result was that the pending file was reduced from 76 to 59. The orders of the Lower Court were upheld in 111 cases, modified in 17 cases and set aside in 53. In the remaining 31 cases re-trial or further enquiry was ordered.

Civil Suits

52. The total number of suits pending at the close of the preceding year was 613. 1877 new suits were instituted and 2097 were disposed of leaving a balance of 393. As compared with the preceding year there was a decrease from 2157 to 1877 in institutions, an increase from 2044 to 2097 in disposals, and a decrease from 613 to 393 in the pending file. Much of the decrease in the cases instituted occurred in the Parganas of Nimbahera and Pirawa. In the former Pargana the decrease was due to economic depression and in the latter to the Munsif's post remaining vacant for a considerable portion of the year owing to the permanent incumbent of the post being absent on leave and no leave and no appointment being made in his place for want of a suitable candidate. Of the suits disposed of during the year 46 related to immovable property, 1600 were for the recovery of money and the remainder were suits of a miscellaneous nature. The value of the suits was generally small—there being only two suits exceeding Rs. 5,000, only 20 suits exceeding Rs. 1,000 and only 30 suits exceeding Rs. 500 in value.

Execution of Decrees.

53. Including 1127 execution cases pending at the commencement of the year and 1730 cases instituted during the year, the total number of cases for disposal was 2857 of which 1699 were disposed of, leaving a balance of 1158. The balance is a heavy one and it is evident that execution cases are not receiving proper attention. The total amount recoverable in the cases requiring disposal was Rs. 3,82,342-10-5 and in the cases disposed of Rs. 1,99,900-0-4. It should not, however, be supposed that the whole or even a large portion of the latter amount was actually recovered, for many cases were filed either because the decree-holder failed to prosecute his application or to point out any property from which the decretal money could be recovered.

54. Including 62 civil appeals pending at the close of the preceding year and 229 instituted during the year under report, there were 291 appeals for disposal in the Court of the District Judge of which 229 were disposed of, leaving a balance of 62. As compared with the preceding year the institutions decreased by 56 and the disposals by 148. The orders of the Lower Courts were upheld in 135 cases, set aside in 93 cases and one case was remanded for further enquiry. In the Chief Court 209 appeals were disposed of, against 172 in the preceding year, and the pending file was reduced from 56 to 30. The orders of the Lower Courts were upheld in 116 cases, set aside in 54 cases and modified in 14 cases. The remaining 25 cases were either remanded or compromised.

55. The number of deeds registered during the year was 618, against 578 in the preceding year, and their aggregate value was Rs. 2,39,187 as against Rs. 2,92,087. Registration fees amounted to Rs. 2,553-12-0 compared with Rs. 2,628-11-0 in the preceding year. Out of these, fees amounting to Rs. 839 were paid to clerks on account of their allowances and the balance was credited to the State Treasury.

56. It was stated in last year's Report that the British India Court Fees Act had been applied to the State, with certain minor changes, and that it was expected that this would result in an increase of income. No reliable figures are yet available regarding any such increase, for during a considerable portion of the year ordinary stamps continued to be used as Court fees Stamps. Distinctive Court Fees Stamps were introduced some time ago, but the practice of using ordinary stamps for both judicial and non-judicial purposes has not yet been discontinued, though steps are being taken to put a stop to it.

Many persons in the State claimed exemption from appearance in Civil Courts under orders passed from time to time. All such orders were brought under review during the year report; many of the exemptions were cancelled; and a list of persons to be exempted under section 133 of the Civil Procedure Code was drawn up under the orders of His Highness.

In order to improve the efficiency of the subordinate Judicial Staff it was prescribed that, except in cases in which special exemption is granted by the Council, all Members of the Staff would be liable to lose their posts in the event of their failing to pass within a prescribed time a departmental examination to be held by the Judicial Member. This examination has been already held twice. Of the Munsiffs and 2nd Class Magistrates all but two have passed the examination in all subjects. None of the 1st Class Magistrates has so far appeared in it.

JAILS.

57. There is a Central Jail at Tonk and a local Jail at the headquarters of each of the other Parganas, except Aligarh. In the local Jails only those prisoners are kept whose imprisonment does not exceed a prescribed limit, two years in the case of the Sironj and one in the other jails. A separate jail is required for the Aligarh pargana, for the present arrangement, under which prisoners whose term of imprisonment does not exceed a week are kept in the Police lock-up and all others are sent to the Central Jail, is far from satisfactory. The Central Jail buildings are in every way suitable, but those of the local jails leave much to be desired.

58. Sahibzada Abdul Basit Khan continued to work as Superintendent of Jails under the supervision of the Judicial Member.

**Population
of Jails.**

59. At the beginning of the year there were 143 prisoners in the Central Jail and 98 in the Pargana Jails, and 147 prisoners were admitted in the former and 531 in the latter during the year. The daily average was 141·5 in the Central Jail and 87·4 in the Pargana Jails. Last year the corresponding averages were respectively 147·09 and 75·35.

Discipline.

60. There were 3 offences against Jail Rules, against 21 in the preceding year.

Escapes.

61. No prisoner escaped during the year.

**Deaths and
General
Health.**

62. Two deaths occurred in the Central Jail and five in the Pargana Jails. Two of the deaths were due to pneumonia, two to fever, one to paralysis and two to other diseases.

The general health of the convicts was good.

Expenditure

63. The total cost of the maintenance of prisoners was Rs. 31,345, compared with Rs. 29,085 last year. The increase was due to a rise in the number of prisoners. The average cost per prisoner decreased from Rs. 45-10-6 to Rs. 41-4-8 per annum.

**Jail
Industries.**

64. Durries, namdas, country cloth, bamboo and wooden work etc. are made. The total income from industries was Rs. 7,741, against an expenditure of Rs. 5,094. In the case of the Central Jail it was decided during the year to abolish the separate workshop fund, which had been in existence for many years, and to show the income from and the expenditure on industries under a separate head in the ordinary budget. As a result of this decision the balance at the credit of the fund, which amounted to Rs. 5,968, was transferred to the State Treasury.

CHAPTER VI.

POLICE.

65. Mr. R. J. H. Fitzpatrick held charge of the Department till May 9th, 1933, when he left for England on leave. Mr. A. W. J. Browne, whose services were lent by the United Provinces Government, officiated as Inspector-General of Police till the 2nd October, 1933, when he reverted to his substantive post in the United Provinces. The Superintendent of Police held temporary charge till Mr. Fitzpatrick's return on the 25th October, 1933. Introductory.

There were no changes in the charges of the Superintendents. M. Ali Husain Khan remained in charge of the Sironj Pargana. M. Abdul Qadir Khan of Pargana, Nimbahera and Syed Rahmat Shah of the Tonk and Aligarh Parganas.

No changes occurred among the Circle Inspectors.

66. The total strength of the Police Force (excluding clerks) was 874, the composition being as follows :— Strength of Force.

Inspector-General of Police	1
Superintendents	3
Inspectors	9
Sub-Inspectors	48
Line Jamadar	1
Head Constables	84
Constables	720

Total					874

There are 33 Thanas in the State. The number of Thanas in each Pargana and the normal distribution of the Force among them was as follows :—

Aligarh	2	47

67. The number of cases reported to the Police during the year was 1864, against 2035 in the previous year. The decrease occurred in almost every class of crime but particularly under Burglaries, Thefts and Miscellaneous Crime. Cognizable Crime Report, Investigations and Results.

A brief analysis of Serious Crime is as follows :—

True cases reported during the year under the head murder were 14, compared with 13 in the previous year. Dacoities rose from 15 to 24,

Robberies from 44 to 45 and Coining from 2 to 3. There was a decrease in Cattle Thefts from 209 to 160 and in Burglary with loss from 646 to 521. Riots remained the same *viz.*, 33 for both years.

The following statement shows the cases reported in each pargana.

Education
Provided.

92. The Lower Middle Schools provide a six years Course, both English and Urdu being included in the curriculum, while the Primary Schools, where Urdu alone is taught, provide only a four years Course. The result is that students acquire very little learning and many of them do not even retain this after leaving school. Rural classes derive little benefit from the education provided and they are so backward that there is practically no demand on their part for the provision of educational facilities. The necessity for remedying these defects is fully recognized, but it is necessary to devise a comprehensive plan for the expansion of education and to set apart the requisite funds before any improvement can be looked for.

93. Nine candidates were sent up by the High School for the Matriculation Examination, of whom 5 were successful, one being placed in the 2nd Division. Results of Examinations.

In the outlying Parganas a Dispensary exists at the headquarters of each Pargana for the treatment of outdoor patients only. Number of Hospitals and Dispensaries.

During the year the building of a new Hospital in Tonk, to replace the existing General Hospital, was commenced. The need of a new hospital had long been felt and a most suitable site, just outside the city and yet in a central position, had been selected. His Highness the Nawab, with the Begums, offered to provide Rs. 40,000 towards the cost of the new building, the Ajmer and Rutlam Seths promised Rs. 10,000 each and generous subscriptions were offered by the Khandan, while all State Officials subscribed 5% of one month's pay. On the strength of these subscriptions an excellent design was prepared and approved by the C. M. O., Rajputana, and work on the building was commenced before the end of the year.

Pirawa Dispensary	9184	11765
Aligarh Dispensary	6741	7450

The increase in the number of outdoor patients was due to the prevalence of Malaria from August to November and of Bronchitis, especially among children, during the winter.

			1339 Fasli.		1340 Fasli.	
			Major.	Minor.	Major.	Minor.
General Hospital, Tonk	1929	153	1877
Walter Female Hospital	17	359	21	269
Dispensaries	33	3036	40	2840
Total	50	5324	214	4986

In the case of the General Hospital the increase in the number of operations was chiefly due to the giving of intravenous injections for specific diseases.

No change in the Staff of the Court took place during the year.

Municipal Committee.

125. There are six Municipal Committees at Tonk, Aligarh, Pirawa, Nimbahera, Chhabra and Sironj. The Judicial Member is the President of the Tonk Municipal Committee and the controlling Authority of this as well as of the other five Committees of which the Nazims are the Presidents.

The Municipal income is principally derived from Municipal Taxes and from the State grant-in-aid, which varies from year to year and was Rs. 28,000 in the year under report, against Rs. 26,100 in the preceding year. The grant is distributed among the Municipal Committees by the Judicial Member according to their respective requirements. The total yield of the Municipal Taxes during the year under report was Rs. 18,433, against Rs. 20,874 in the preceding year. The miscellaneous income, consisting chiefly of fines and the sale-proceeds of manure, trees etc., was Rs. 7,667 compared with Rs. 5,606 in 1339 Fasli.

The principal taxes are (1) lighting tax, which is levied from shop-keepers at the rate of one anna per shop in the main bazar and 9 pies per shop in the other bazars (except in the case of Pirawa where the rate is throughout 6 pies per shop); (2) tax on animals slaughtered in the Municipal slaughter houses, which is levied at the rate of one anna per goat or sheep except at Nimbahera where

it is 2 annas) and 6 annas per ox or buffalo; (3) *teh-bazari*, or the rent charged for Municipal shops or Municipal plots occupied by shop-keepers, pedlars etc.; (4) *Hunda Bhara*, levied from the owners of vehicles plying on hire, at a rate varying from 9 pies to 1 anna and 3 pies per rupee of the hire; (5) license fees for vehicles plying on hire, at the rate of one rupee per vehicle; (6) the road-tax levied per trip for the use of the temporary roads across the bed of the Banas river, at a rate varying with the nature of the vehicle. No new tax was imposed during the year under report.

The Municipal Committees are responsible for repairs to Municipal Roads, for conservancy, and for the lighting of public streets and buildings. The total expenditure during the year under report was Rs. 60,762, against Rs. 49,518 in the preceding year. The increase was principally due to the purchase of a motor watering lorry for the Tonk Municipality to larger expenditure in the same Municipality, on the construction of roads and drains, and to the transfer of the Khalil garden to the control of the Tonk Municipal Committee. The committee also incurred an expenditure of Rs. 1,980 during the year under report on the salaries of some Indian Physicians employed on Medical relief.

During the year seven meetings were held by the Tonk Municipal Committee, six by the Sironj, five by the Chhabra, four by the Pirawa, three by the Nimbahera and one by the Aligarh Municipal Committee.

All Members of the Municipal Committees have been appointed by nomination and no orders have so far been passed fixing their term of office.

No proper Municipal Act has hitherto been prepared, but some regulations have recently been passed regarding some of those matters which are dealt with in such an Act. The preparation of a proper Municipal Act for the State has been taken in hand.

126. The Press is under the control of the Council Secretary under the State Press. general supervision of the Vice-President.

The reorganisation of the Press, which was started in 1339 Fasli, was continued during the year under report. A Treadle Press and a Paper Cutting Machine were ordered from England and installed in the Press, and new type and other requisites were also purchased.

The total expenditure on the Press amounted to Rs. 11,231, of which a sum of Rs. 3,737 was spent on the ordinary expenses, including the pay of establishment, Rs. 4,993 on the purchase of a Treadle Press, Paper Cutting Machine and type, and Rs. 1,818 on paper for the printing of forms. The total income from printing of forms supplied to State Departments amounted to Rs. 7,217 of which a sum of Rs. 2,516 due from State Departments was written off under orders of His Highness.

The Old Blocks for printing State stamps were worn out and out-of-date and New Blocks of superior design were got from the Government Security Printing Press, Nasik, at a cost of Rs. 662.

The State Gazette was entirely re-organised and issued in a much improved form, printed on type press, a block of the state crest for the heading having been obtained from Calcutta.

During the year the Darbar entered into an agreement with the Bengal Paper Mills of Calcutta for the purchase of all State requirements of country-made paper for a period of five years, the Company undertaking to watermark all

State Stamp-paper with the words "Tonk State" free of cost. The purchase and distribution of all paper was entrusted to the State Press, a step which has resulted in considerable economy.

Nazool.

127. All unoccupied sites, whether situate in village 'abadis' or in towns, together with any houses left by persons dying intestate without any heirs are considered to be Nazool property. All Nazool property situated within Municipal limits is managed by Municipal Committees. During the year under report the total income derived from this property, consisting partly of rent and partly of the sale-proceeds of house-sites, was Rs. 4,349 against Rs. 3,654 in the preceding year. The total expenditure, consisting almost exclusively of the cost of establishment, was the same as in the preceding year *viz.* Rs. 638.

The surplus income was credited, as before, to the state.

No property became Nazool during the year under report.

There exists no complaint against the working of the Nazool Regulations of the State, which contain sufficient provisions for the safeguarding of private rights.

There remained 233 Nazool cases pending at the close of the preceding year and 349 were instituted during the year under report. Of the 582 cases 363 were disposed of, leaving a balance of 219.

State
Gardens.

128. There were five important gardens under the control of the Home Member during the year under report. The Budget sanctioned for these gardens, including pay of establishment and ordinary expenses, was Rs. 4,386 out of which a sum of Rs. 4,228-8-3 was spent.

A sum of Rs. 900 was credited to the Treasury as income from these gardens.

Hikarni
Sabha.

129. No meeting of the Sabha was held during the year. The Tonk representatives to the Sabha were the same as last year, the Naib Nazim of Tonk and Thakur Nahar Singh, Jagirdar of Kureria.

Amirya
Madrassa.

130. Amirya Madrasa is a religious school maintained in Tonk by His Highness the Nawab Saheb Bahadur. The total expenditure on the school during the year was Rs. 1,400 against Rs. 1,466 in the preceding year.
